**Comment on Verification of Results:**

We receive faxes, telephone calls, e-mails with attachments and e-mails with results. Some coaches send us result sheets from their meets. We also scan newspaper results. Newspaper results are sometimes incorrect [spellings, performances]. We always try to double check names and performances that involve new high rankings. Sometimes this process takes a week. When dealing with 280 results each week there are bound to be some mistakes or worse, some omissions. Recent examples of checking would be: We have the official score sheet of Melissa Mellum's 100m dash performance and it is of interest that Amanda Nechuta had a second throw of 46' 0 to go along with her 46' 08.5 performance. The bottom line is we try to be as accurate as possible. However to be fair we depend on coaches, parents and athletes [the kids check my spellings!!] to give a balanced report.
