10) Denise Drews - Nekoosa	11:19.08
11) Terry Montevideo - Green Bay W.	11:19.19
Ann Verwey - Kenosha Bradford	11:19.9

This final listing for the 1982 track season includes the best known efforts through the state meet on June 5th.

The response from the girls' coaches this spring has been rather disappointing. I can easily see why several have tried to compile an honor roll through the years but have given up on it. There were very few telephone calls or letters/cards concerning the efforts of the female athletes. Most of my information was gleaned from the news media and this has resulted in incomplete information (i.e., no first name) or incorrect information (i.e., wrong school listed for the athlete). I also wonder if some of the efforts may have been incorrect. We got off to a rocky start this spring and things improved somewhat as the weeks went by, but the girls' coaches have a long way to go to cooperate as I have become accustomed to with the boys.

We will give it another try next spring and hopefully, you will be more interested in keeping me informed so that I can compile a complete and accurate honor roll for the girls.

Bill Cross, Principal
Oostburg High School
